A selection of table top options is available in a range of standard and custom made sizes

Table-tops and catering - in other words:  
a permanent test of hardness. Scratches, hot cigarette ash, acidic spills, fat spills... even wind and weather.  
The patented manufacturing process makes Werzalit table-tops resistant to the effects of mechanical, thermal and chemical stresses. The homogenous processed surfaces effected on the derived timber product, in a decorative or natural look finish, give Werzalit table-tops their smooth sealed surface, making them easy to clean and fulfilling the hygiene requirements for use in professional catering.
